

10th International Conference on Mobile Ad-hoc and Sensor Networks (IEEE MSN2014)

IEEE MSN 2014 provides a forum for researchers and practitioners to exchange research results and share development experiences in the field of mobile adhoc and sensor networks.

Selected papers of particular merit will be recommended for consideration of fast track publication in special issues of SCI-indexed journals. Awards for Best Paper and Best Student Paper will be presented to the corresponding author(s) at the conference. To qualify for the Best Student Paper, the author must be a registered student.

Topics

Topics of interest include, but are not limited to, the following areas in mobile ad hoc and sensor networks:

- Multi-hop Wireless Networks and Wireless Mesh Networks
- Sensor and Actuator Networks
- Vehicle Ad Hoc Networks
- Mobile Social Network
- Delay Tolerant Networks and Opportunistic Networking
- Cyber-Physical Systems
- Internet of Things (Protocols, Architectures & Novel Applications)
- System Modeling and Performance Analysis
- Routing and Network Protocols
- Data Transport and Management in Mobile Networks
- Resource Management and Wireless QoS Provisioning
- Security and Privacy
- Cross Layer Design and Optimization
- Novel applications and Architectures

Important Dates

Workshop Proposal Submission Due: **April 1, 2014**

Workshop Acceptance Notification: **April 15, 2014**

Paper submission: **September 8, 2014**

Paper submission (Extended): **September 20, 2014**

Notification of Paper Acceptance: **October 13, 2014**

Camera ready due: **October 27, 2014**

Conference Registration: **October 27, 2014**

Conference: **December 19-21, 2014**

Paper Submission

All papers need to be submitted electronically through the conference website with PDF format. The materials presented in

the papers should not be published or under submission elsewhere. Submit a full paper with 8 pages plus up to 2 extra pages (two columns, single-spaced), including figures and references, using 10 fonts, and number each page.

Special Issues

1. Computational Social Networks ( Springer Open)
2. Ad Hoc & Sensor Wireless Networks: An International Journal (SCI Indexed)
3. Peer-to-Peer Networking and Applications (SCI Indexed)
4. International Journal of Sensor Networks (IJSNet) (SCIE Indexed)

Steering Committee Co-Chairs

Xiaohua Jia (City University of Hong Kong)

Giannong Cao (Hong Kong Polytechnic University)

General Co-Chairs

Weili Wu (University of Texas at Dallas, USA)

My Thai (University of Florida, USA)

TPC Co-Chairs

Weili Wu (University of Texas at Dallas, USA)

Jie Li (University of Tsukuba, Japan)

Ling Ding (University of Washington Tacoma, USA)
